HURRICANE PROTECTION

Stop worrying, start preparing with **STORM CATCHER[®]** **HURRICANE SCREENS**

Storm Catcher[®] Roll Down Hurricane Screens are engineered to provide reliable and convenient hurricane protection, giving you peace of mind. Permanently installed on your home, these innovative screens provide year-round protection against inclement weather and outdoor elements, while still allowing you to enjoy your view.

These custom-fitted screens keep the inside in and the outside out by reducing hurricane-force winds, blocking UV rays, and enhancing privacy. Protect your home and outdoor spaces year-round.

PROTECT WHAT MATTERS MOST WITH STORM CATCHER® HURRICANE ROLL DOWN SCREENS

CUSTOM CRAFTSMANSHIP
for a seamless look.

MANUAL CRANK OVERRIDE
allows you to operate your screens
even during power outages.

INTEGRATED MOTOR SYSTEM

Gives you remote and app-enabled control over your screens.

- **Remote Control** lets you operate your screen easier at home.
- **Smart Hub app** lets you easily operate your screen from anywhere in the world with your mobile device.

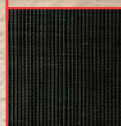

FORTIFIED DEFENSE & CONVENIENCE

Storm Catcher® Screens are engineered to withstand extreme winds and protect against flying debris.

OUR TRACKS secure the screen in place and allow for a seamless deployment and **END GUIDES** lock the screen in place for a tight hold.

ENGINEERED to meet and exceed Florida Building Code and High-Velocity Hurricane Zone (HVHZ). The Design Pressure rating for our Storm Catcher is +130/-130.

INDUSTRY LEADING with 34-foot-wide single span opening for maximum coverage and protection.

Withstood Milton. "Storm Catcher® Screens work. We were in the eye wall of Hurricane Milton in North Venice, and the Roll Down Screens protected our home with no problems. I cannot say enough good things about Storm Smart. They really protected us." - *Dave Harris* ★★★★★
